ANNOUNCEMENT

Meeting: Human Genome '92: The Human Genome Project International Conference

Dates: *14–17 October 1992*

Location: *Nice, France*

Sponsors: Human Genome Organisation (HUGO) and *Science* magazine (published by the American Association for the Advancement of Science)

Description of Meeting: At this annual conference, the world's leading researchers will examine the latest inroads into the study of the human genome. Topics will include the status of the mapping effort, questions of human genetic diversity, new applications and implications of the Human Genome Project, model organisms, and issues surrounding DNA sequences and their uses.

Contact: AAAS Meetings Office, 1333 H Street, NW, Washington, DC 20005, USA.
Tel. (202)326-6461; Fax (202)289-4021.
